# Cyberbullying

- Monitor their use. See what they're posting, check their mobile messages, and let them know you're keeping an eye on their activities.
- Tell your kids what to do if they're harassed. See [Standing up to Cyberbullying](#) for step-by-step tips.
- If your kid is doing the bullying, establish strict consequences and stick to them. That goes for cruel or sexual comments about teachers, friends, and relatives.
- Chat in online games and virtual worlds can get ugly fast. Make sure your kids are respectful, because hurtful retaliation happens all the time.
- Review anti-bullying controls like flagging and blocking.

# We are a team!

More than anything, I care about keeping school safe and kind for all children. Please let me know if you hear about anything that is not safe or kind. Together we can take care of all students.
