- ▼ Q: what if a school MMSD picked couldn't muster enough volunteers to do a game?
 - We could continue to support it but MMSD would need to take charge
- ▼ Q: why not a third option to hand all game days over to MMSD and call for volunteers from all schools?
 - A: Didn't surface from board during this process. Could be a possibility for the future; nothing here is set in stone.
- ▼ Q: do other schools have similar fund raising options?
 - Maybe? Most other PTOs don't release their budget.

- ▼ Q: Wouldn't the logistics of handing over two game days be complicated?
 - MMSD has said that they're definitely willing to coordinate.
 - Q: Thanks to the board and the possibility that we could give \$\$ to wider community and showing a really nice example to our kids.
